Dear Mr. de Souza,

As the CEO of CyFIR LLC, I wanted to drop you a note to thank you for all the support that CSFI has provided to CyFIR over the years. The return we receive on the investment we make in our annual CSFI Gold sponsorship is significant. Some of the benefits we have received over the years include the following:

- Introductions to your members who have been instrumental in assisting CyFIR with solving a variety of issues we were working through.
- Providing access to your network to help us communicate messages that we believe are important for the cyber security community.
- Providing insights about potential clients and / or individuals at those clients that have been instrumental in helping CyFIR shape its proposal to those companies.
- Helping us understand National Cyber Security Programs so that we could keep our clients and partners informed about potential opportunities available to them through these National Programs.

CSFI has provided CyFIR with significant value added over the years. And as I noted previously, we have recouped our Gold Sponsorship investment in CSFI many times over. Thanks to you and your team for everything you do for the cyber security community.

Sincerely,

A handwritten signature in black ink that reads "Andrew Ward".

Andrew Ward

CEO for CyFIR LLC
